12 ways to drink it.

Hot, iced, blended, spiced. Every recipe starts the same way: one level scoop. Plus a 30-morning tracker at the back.

Use one serving a day as directed on the label. Contains caffeine. Not for children or anyone pregnant or nursing; ask your physician first if you take medication or have a medical condition. This is a recipe guide, not health advice.

HOT

Six for the mug.

Stir the scoop into a splash of the hot water first, then top up. It dissolves faster and stays smooth.

01

The Classic

- 1 level scoop
- 8 oz hot water

Stir and drink. This is the one to judge it by.

02

Oat Milk Latte

- 1 scoop + 4 oz hot water
- 4 oz oat milk, steamed or frothed

Pour the milk over the coffee, not the other way round.

03

Cinnamon Morning

- 1 scoop + a pinch of cinnamon
- 8 oz hot water

Mix the cinnamon into the dry scoop so it doesn't clump.

04

Vanilla Cream

- The Classic
- A splash of half-and-half
- 1 drop vanilla extract

One drop. Vanilla goes from nice to perfume fast.

05

Mocha

- 1 scoop + 1 tsp unsweetened cocoa
- 8 oz hot water, splash of milk

Whisk the cocoa and scoop with a little water into a paste first.

06

Spiced Orange

- The Classic
- A strip of orange peel
- A pinch of cardamom

Let the peel sit for a minute, then take it out.

ICED & BLENDED

Six for warm mornings.

The rule for anything cold: dissolve the scoop in 2 oz of hot water first. Powder and ice water don't mix.

07

Iced Classic

- 1 scoop dissolved in 2 oz hot water
- Full glass of ice, 6 oz cold water

Stir well. It tastes stronger cold, so add water to taste.

08

Iced Oat Vanilla

- 1 scoop dissolved in 2 oz hot water
- Ice, 6 oz oat milk, 1 drop vanilla

The one people make twice.

09

Cold Foam

- Iced Classic
- 3 oz cold milk, frothed thick
- A dust of cinnamon

A handheld frother does this in twenty seconds.

10

Blended Frappé

- 1 scoop dissolved in 2 oz hot water
- 4 oz milk, 1 cup ice, 1 tsp honey

Blend until smooth. Drink it before it separates.

11

Coffee Banana Shake

- 1 scoop dissolved in 2 oz hot water
- 6 oz milk, ½ frozen banana, a few ice cubes

Thick enough for a straw, barely.

12

Maple Pecan Iced

- Iced Classic
- 1 tsp maple syrup, splash of milk

Stir the syrup into the hot 2 oz before the ice goes in.

THE 30-MORNING TRACKER

Give it a month. Write it down.

Tick the box when you have your cup, and circle how the 2 PM slump went. Memory is a bad judge of mornings; a page isn't.
